BACKGROUND

Stephen was a Consultant with a law firm for over 12 years and has served as Chairman of the Law Institute of Victoria's Tax and Revenue Committee, and as Principal Examiner of the Tax Law Specialisation Program. He has also been appointed by the Government to the Innovation Investment Committee and the Venture Capital Committee of Innovation and Science Australia. Stephen has been a chief investigator on ARC Discovery and Linkage grants and is the author, co-author and editor of many books and articles. His major publications are in the areas of taxation law and venture capital law. He was a former editor of the Journal of Australian Taxation and a member of the Revenue Law Journal's advisory board. Professor Barkoczy is a recipient of the Dean of Law's Award for Teaching Excellence, Monash University's Vice Chancellor's Award for Teaching Excellence, the Monash Association of Students Outstanding Teaching Award for the Faculty of Law and an Australian Learning and Teaching Council Award for Teaching Excellence in Law.

IMPACT ON LEARNING & TEACHING

Initially, after receiving the Australian Teacher of the Year Award in 2008, Stephen was Director of Teaching in his Faculty and served on the University's Education Committee during 2009 and 2010. He was invited to speak at a number of events, including teaching conferences at Curtin and Deakin Universities, the inaugural Universities Australia Conference, Law Faculty events, and other University events. He has continued to teach Taxation Law, Advanced Taxation Law and various other electives. He has also been an Assessor for the Australian Learning and Teaching Council and the Priority Projects Program Grants Scheme VTAS. Stephen would like to produce the best law students for practice. He believes students need to leave with real skills and that teaching needs to be relevant and applied so that students can see the connection between what they are learning and how it is used in the world of practice.

IMPACT ON CAREER

Stephen has consulted to government departments and agencies and been appointed to government expert panels. He has been a chief investigator on a number of research and consultancy projects, including ARC Discovery and Linkage projects.
