

Greeting Colleagues,

Welcome to another edition of the AAUT newsletter! November is another busy month for assessments, and our 114 dedicated assessors have just completed reviewing nominations across all award categories. The next step is for the Awards Committees to begin their work.

I would like to extend heartfelt congratulations to my former boss, Emeritus Professor Ron Weber, the 2000 Australian University Teacher of the Year, on his recent appointment as a Member of the Order of Australia (AM) for his outstanding service to tertiary education, accounting and information system development and professional associations.

A big thank you to all the institutions that submitted nominations for the AAUT Career Achievement Award. The results will be announced at the end of February 2025.

Lastly, stay tuned for more details on the Universities Australia (UA) Solution

Summit 2025 and the upcoming AAUT Ceremony.

Regards,
Professor Angela Carbone
AAUT Director

AUSTRALIAN AWARDS FOR UNIVERSITY TEACHING

Welcome to 2024 AAUT!

I am very pleased to announce that the AAUT will continue to run this year, and will be funded through a collaborative universities approach.

This year, the focus will be on:

- Development of a professional capability program, including tailored support for the Neville Bonner and Early Career categories
- Detailed teaching resources for ICUs, applicants and assessors
- Raising the profile of two underrepresented categories in the Program Awards
 - Category 2: Collaborative educational partnerships and
 - Category 4: VET programs that enhance students' employability.
- Realignment of assessment matrix and assessment criteria

As we move forward into a more normalised year of teaching and in most universities welcome back students onto our campuses, I encourage you to start supporting potential AAUT applicants in your institutions. My team and I look forward to working with you again this year.

Regards,
Professor Angela Carbono
AAUT Awards Team Director
